I edit videos for a living, but what I actually do is make people feel something through a screen. I obsess over pacing, cuts, and the exact moment a story clicks. I combine that with a genuine love for social strategy and a nerdy enthusiasm for AI and tech tools. I believe that a good content starts with creativity, but it scales with knowing your craft inside out.

EXPERIENCE

Video Editor & Social Media Manager

Freelance

Present

Managing social media strategy and content production for a Copenhagen-based chef, with the goal of growing account visibility, attracting sponsorships, and promoting pop-up events and private dinners. Handling shooting, editing, content ideation, and social strategy.

Video Editor & Content Creator

Søberg Institute

Apr 2025 – Jan 2026

Managed video production for the institute's learning platform, YouTube, and social media. Led production of 12 long-form educational podcast episodes in 16:9 format, overseeing the full production process from shooting and lighting setup to editing, sound design, motion graphics, and color grading.

Content Creator | Video Editor

Multiscrition

May 2023 – Oct 2024

Developed and executed a niche content strategy for unconventional gaming on Instagram and TikTok, driving 70% profile growth and tripling average engagement. Produced short-form social videos, motion graphics, explainer videos for app features, YouTube tutorials, and visual content for live events and conferences.

Video Editor

Hide The Zebra

Mar – Aug 2022

Took full ownership of video editing for Weber's recipe content. Collaborated with the creative team on motion graphics and color correction using DaVinci Resolve, Premiere Pro, and After Effects.
